

DECISION RECORD

Decision Record Number 199

This document records a decision taken by the Police, Fire and Crime Commissioner, together with details of the advice he received prior to taking the decision.

Decision taken

The Police, Fire and Crime Commissioner has taken the decision to:

Vary its current contract with Phoenix Software Limited to allow for one further year of support for Windows 7 devices and Windows 2008 servers. One year was provided free of charge within the agreement, however, there are still a number of devices across the force and support is required for these to ensure the security patches continue. The total value of the variation is £67,954.05 and will cover the period of the 14th January 2021 to 13th January 2022.

Details of advice taken

Professional financial and legal advice has been sought to ensure the decision best supports business need and represents value for money.
